

# CONNECT THE DOTS

Draw a line to connect the numbers from 1 to 27 to complete the picture below.  
Use your crayons to color in the picture once you connect the dots. What is it?

The ice cream cone claims different origins including the 1904 St. Louis World's Fair. A vendor named Arnold Fornachou was running an ice cream booth. When he ran short on paper cups, he noticed he was next to a waffle vendor who sold him some of his waffles to substitute for the cups.
