**FOR IMMEDIATE RELEASE**

## **CAM offers Voter Registration Office Hours for eligible Missouri and Illinois residents ready to make their voices heard**

**September 17, 2024 (St. Louis, MO)**—Contemporary Art Museum St. Louis (CAM) is proud to continue its longstanding commitment to voter engagement by hosting weekly Voter Registration Office Hours starting tomorrow, Wednesday September 18th, from 4-6 pm. During the weekly office hours, CAM will serve as a space for voter registration and encourage nonpartisan engagement in voting for the betterment of all communities. CAM staff and volunteers will be available to help eligible Missouri and Illinois voters participate in the 2024 general elections by facilitating the voter registration process and help residents prepare for election day on November 5, 2024. Resources and additional information will also be made available to assist residents in navigating the voting process including how to check your registration status, request sample ballots, find your polling place, learn about your neighborhood, Ward or District, and who represents you.

“Voting is an essential part of participating in your community and we want to support folks in doing that by helping them register to vote, or get the information they need about the process.” said Michelle Dezember, CAM’s Director of Learning and Engagement. “If you’ve got a question, maybe even one that you’ve been too afraid to ask, please feel welcome to stop by the Museum. We’re here to help!”

**About the Contemporary Art Museum St. Louis**

The Contemporary Art Museum St. Louis creates meaningful engagement with the most relevant and innovative art being made today. Founded by civic and cultural leaders in 1980, the Museum transformed from a small gallery into an internationally recognized arts institution, now permanently housed in a flexible, open, and inviting building designed by renowned American architect Brad Cloepfil. CAM's distinct architecture reflects the organization's values and supports a dynamic range of exhibitions, public programs, educational initiatives, and community collaborations. The only museum in the region solely dedicated to contemporary art, CAM is one of the preeminent non-collecting institutions of its kind in the United States. We are a site for discovery, a welcoming space, free and open to all. For more information, visit [camstl.org](http://camstl.org).
